Certificate

AI Developer

We confirm that:

Nadiia Timakova

has finished our program successfully and aquired the following skills:

- Building AI-powered web apps with Lovable, Supabase, and Edge Functions, including authentication and live deployment.
- Applying AI co-coding techniques in Cursor for efficient refactoring, debugging, and iterative feature development.
- Designing and developing AI-first applications through API integration, agent patterns, and process automation.
- Executing professional deployment and scaling of AI-driven apps with CI/CD workflows, monitoring, and DevOps best practices.
